DR. SEYERA
CEDAR RAPIDS, IOWA

The February Gazette.

The Designer for February is a complete success from both the artistic and literary stand of view. The cover is strikingly stylish, yet altogether in keeping with a fashion magazine, and unusual care has been devoted to the illustrations, of which there are several occupying each a full page. "The Annals of a Dog," by Clara McVayne, and "A Day of Intrigue," by Mary E. Fitzgerald, are short stories of interest, and "Some Loyal Young People," by J. E. Hartour, will appeal to little girls and their parents as well. In the way of entertainments there are given "Aunt Angelina's Experiences of Travel," by Agnes R. Pratt, and "Thursday Afternoon Philosophy," by Clara J. Denton, both being mirth-provoking monologues. "A Goose Drill for Little Goslings," by Harriet Wilbur, and some delightful suggestions for St. Valentine fetes. The fashion pages present modes which are at once refined and practical, and in addition to numerous models for adults the millinery department tells explicitly how to make a soft-d hat for a child. "Points on Dressmaking" gives directions for the construction of storm clothes. "The Kitchen Kingdom," "Floriculture" and "Fashion Notes for Men" bring to a close what is in all respects a most interesting and helpful number.

At a truck growers' meeting held in Hallettsville on Saturday Jan. 10th, a communication was read from Prof. J. C. Root, calling attention to the Cotton Association of Texas, boasting him to be willing to secure a cotton demonstration farm here. The farm will be under the supervision of the U. S. Government and will be for experimental purposes connected with cotton planting and combatting of plant pests. To secure a demonstration farm fifty acres of land must be furnished and teams and labor to work it. The government provides the seed and half the expense for fertilizers and the supervisory work. On motion a committee consisting of T. J. Brown, Frank Graf, William Blakely, E. C. Tag and C. Q. Timm with the president added, was appointed to confer with the merchants and see what could be done in the matter.—Hallettsville Herald.

It appears from expressions of public opinion which have appeared in the News that a large majority of the people of Texas favor the ratification of the treaty with Panama. Many do not approve the methods which have led up to present conditions, but they realize that it is a condition and not merely a theory which confronts us.—Galveston News.

The condition as it stands should be wiped out and a new condition created, not in a more honorable way. Even the reformers are disgusted with the conditions as they stand at present.

Please.

Will the Dreyfus case be with us at the close of ultimatum? Will we also then be threatened?

With a Russo-Japan war?

Oh, New Year, grant this soon to us—

Year, you have pestered out, Great me, on our lines we ask it, Something new to talk about.

J. M. LEACH, in Tolson Post.

Do not accept an inferior and improved substance in place of the genuine and standard article.

Keep Your Money at Home.

Those who send away for what they can get from their home merchants generally get hit and they ought to get bumped and bumped hard. Every dollar circulated in the channels of home trade is like money kept in the home circle of a family. The farmer, the merchant, the butcher, the baker, and in fact men of all vocations are dependent one upon the other, and every dime necessarily taken from the channels of trade is like taking money from your own pockets. Patronize home. Keep your money going round in the home channels and add to it by getting all the money you can get from abroad.—Seguin Gazette.

Democratic Call.

I hereby call a meeting of the Democratic Executive Committee of Lavaca County, to be held at court house in Hallettsville, on Saturday, Feb. 6th, 1904, to determine the action to be taken by this organization regarding primaries and conventions to be held this year, to fix convention dates and dispose of all other matters that properly comes before said committee for consideration. A full attendance is urged.

J. W. HAWKINS,

Chairman.

W. R. BRAUMIRE,

Secretary.

The Shiner Camp W. O. W. has received the following invitation:

Assisted Sovereigns: The Golden Rule Farm No. 123, W. O. W., cordially invites the members of your camp to be present at a grand rally at Yoakum, Texas, in opera house, afternoon and night, January 25th, 1904, to meet Say. Com. J. C. Root and other Sov. officers.

A special feature will be the installation of Camp officers by Sovereign Commander J. C. Root. Bring your officers to take the installation with us. Bring your wives and sweethearts. Reduced railroad rates from all points. Let us know how many will come.

"FRANK S. TAYLOR, Chm. Com."

Births.

The following births are reported to the GAZETTE by Dr. G. Schurz:

A boy to F. Hillen, Dec. 23rd, at Dreyer.

A girl to Eliza Kunk near Shiner, Jan. 1st.

A boy to John Hallinek, at Dilworth, Jan. 6th.

Cuero Star's New Ownership.

Cuero, Texas, Jan. 5.—The Cuero Star has made a change, Messrs. Crisp and Cook having dissolved partnership. Mr. Crisp takes in Mr. J. A. White, late of the Indian Territory, as a partner.

Mariages.

Mr. George Leach and Miss Carolina Torres were united in marriage last Thursday morning at the Catholic church in Shiner by Rev. Jas. Hindleek. The GAZETTE wishes them much happiness and prosperity.

Don't be fooled in trading a substance for a shadow. Any substance offered as "just as good" as any of the well known and popular remedies, is a shadow of that medicine. There are cures behind claims made for the well-known remedies, which are "just as good" medicines can show.

The Gazette and its readers can buy New, \$100 a year.

Kerr-Bailey.

Early last week the report reached the city that Mr. John A. Kerr, a prominent business man of Muldoon and a son of ex Senator A. B. Kerr, and Miss India Bailey of Shiner were married at Columbia. The wedding was quite a surprise to all of Miss Bailey's friends.

Mr. and Mrs. Kerr will make their home at Muldoon in Fayette county.

The GAZETTE wishes them full speed of happiness and prosperity.

RUTH CLEVELAND.

Little Daughter of President Cleveland Died with Attack of Diphtheria.

Princeton, N. J., Jan. 7.—Ruth Cleveland, the eldest child of former President Cleveland, died at the Cleveland home here today very unexpectedly, the immediate cause of death being a weakening of the heart action during an attack of diphtheria.

Dr. Wyckoff, the attending physician, said Miss Cleveland had been ill with a mild form of diphtheria for four days and that heart affection was not anticipated. She was 15 years old.

Cotton Ginner's Report.

The report of the government comes in on the amount of cotton ginned up to and including Saturday Dec. 12th, 1903:

Square bales 8,144,493
Round bales 645,000
Sea Island bales 59,248

For the entire period in 1902 the total amount of bales ginned was 13,114,835. Counting round bales as half bales, the crop of 1903 amounts to 8,524,244. This leaves a shortage over 1902 of 373,259 bales. There were 29,374 gineries in operation during 1903, compared with 30,194 during 1902.

The above estimate is considerably below the last government estimate, and caused a rapid rise in the staple.

Shiner is right up with Hallettsville in the way of cotton receipts. The receipts at Hallettsville up to Jan. 7th were 5784 bales, and at Shiner up to Jan. 1st, 5027 bales.

The recent marriage of a couple of cripples, each having only half the proper complement of arms and legs, was noted by the press as a "curious and singular circumstance." But who notes the marriages which occur daily in which both parties are cripples in health.

Crippled health means, as a rule, insufficient nutrition, and lack of nutrition points to disease of the stomach and digestive tract. Doctor Pierre's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nourishment of the body, and so builds it up in sound health and strength.

"I had been a great sufferer from Indigestion for the last nine years, when Mrs. Margaretting, of Oskaloosa, Illinois, recommended Doctor Pierre's Golden Medical Discovery. I had tried every other remedy, but nothing would help. I have received inst. and continue to receive the Pierre's Golden Medical Discovery Prescription. I have taken two bottles of it, and followed the advice of Dr. R. V. Pierce, and am happy to say that life is worth living now. A thousand thanks to your treatment."

Do not be duped into trading a substance for a shadow. Any substance offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind claims made for the well-known remedies, which are "just as good" medicines can show.
